"I have never participated, laughed and enjoyed class so much. I can't recommend Course Creators enough to everyone. Fabulous content and delivery of material." Liz Ellis, Realty Executives

"If, like me, you've always thought of Facebook as purely a social networking tool you're in for an eye opening experience when you take Course Creators day long FaceBiz class. The class was well worth every penny. The information was timely, relevant and actionable. And, the best part was that I went into the class knowing absolutely nothing about Facebook and came out fully conversant and able to perform all of the essential functions necessary to build and to maintain my own Facebook page as well as my FaceBiz page. Now I'm reconnecting with people with whom I'd lost contact and well on my way to creating an entirely new network of contacts that will serve me well as I grow my business. I highly recommend Course Creators' social networking course for anyone interested in expanding their list of business connections as well as their understanding of the brave new world of social **and** business networking." M. Douglass, Long Realty

"Len and Theresa make learning interesting & give me the confidence to try new things to further my business." Mindy M., Brasher Real Estate

"I have taken four classes from Course Creators. I walked out of there with things I can use to make my business better. I could go on and on but I have to tell you I would pay to go to their classes even without getting credit hours. They have more fresh ideas than all the classes I have ever taken. All I can do is say thank you, Theresa, Len and Kris for making it so I get it, use it and become more successful because of it. A fan for life!" Jim C., Long Realty

"I've been taking education classes for the last 17 years. I have always dreaded the mind numbing classes to the point where I waited until the last minute to get my hours in. No long will this happen! Len is the best instructor I have ever had. The organization of the class was done so well, I will come back to Course Creators time after time. Thank You!" Tim M., Avalor Advantage

"I think you are right on the ball - giving classes that are about the current RE situations we are living, not what happened X years ago." Martha G., Long Realty

"The concepts are so easy to implement, yet so powerful and most importantly, so entertaining! Every time I take a Course Creators course, I learn something new and innovating that I can instantly apply to my business." Ramona L., Exit Realty 1st Choice

"This is the best class I have ever attended. Presentation & information at its best. This was an amazing class!" Mary D., ReMax Valley Properties

"It's the best class ever I have attended to help our business in real estate! Your ability to explain, excite, entertain and providing endless huge opportunities was the best part!" Charley B., Coldwell Banker

"The combined knowledge experience of the instructors is extraordinary!" Anonymous

"Theresa and Len in one room...Amazing." H. Schultz, Long Realty

"Fresh material, crucially important for my personal and business success!!" S. Walker, Realty Executives

A few weeks after the FaceBiz class, I tried a new marketing idea on FaceBook with one of my upcoming listings. The idea worked big time. Not only did I create a frenzy, I doubled my income. I listed the home and wrote an offer and had it accepted on it on the same day. The buyer saw the home on FaceBook. The material you teach in this class is cutting edge made simple. I have no doubt that every real estate agent will have to understand social networking if they are to be successful with real estate in the future. Your class was time and money well spent. Thank you. Tony Ray Baker, Tierra Antigua

Theresa and Len are on the right track...Keep education interesting and truly useful for my business." C., Long Realty
